Bachelor of Science in Chemical Engineering (B.S.Ch.E.)
Concentration: Materials Processing (MAPR)
Department of Chemical & Biological Engineering
Catalog Year: 2017-2018

Credit hours required for graduation: 123

</table>

(1) Transitioning from pre-major status to declared status requires completion of all math, science, and engineering courses listed in the freshman year with a grade of "C" or better and a minimum 2.5 GPA in those courses, completion of ENGL 110 or the equivalent with a "C" or better, and a minimum UNM cumulative GPA of a 2.20.

(2) A list of acceptable core humanities, social/behavioral science, fine arts and second language electives can be found here: http://unmcore.unm.edu/. These courses may be taken whenever convenient. A grade of "C" or better is required.

(3) CBE Core Courses must be taken in the order and semester in which they are listed on this sheet in order to avoid a delay in graduation. A grade of "C-" or better is required.

(4) Students must file an application for the B.S.Ch.E. degree prior to the completion of 95 credit hours of applicable courses.

(5) Students are encouraged to take the Fundamentals of Engineering (FE) Examination during their senior year. This is the first formal step toward professional registration.

(6) Technical electives are chosen with the consultation of the student’s faculty advisor to ensure that they support the student individual academic, career, and/or research goals. A list of approved technical electives can be found on the CBE website: http://cbe.unm.edu/students/cbe-student-forms.html
