The MIT ACCESS Program is a weekend-long symposium aimed to expose underrepresented minority students to the benefits of a graduate education in the aforementioned research areas. This 10th annual event, taking place on MIT's campus October 12th and October 13th, is an interactive and informative symposium that has proven to have a lasting impact on its past participants. All travel expenses, meals and hotel accommodations for students selected to participate in the ACCESS program will be paid by the MIT ACCESS Program. Participation neither obligates the student to apply for graduate study nor guarantees future consideration for study at MIT. For more information please visit <http://access.mit.edu/> or email mit-access@mit.edu.
